

ENABLING CANADA'S WORLD-CLASS SUPPLY CHAIN

This year, Canadian Class 1 railways are expected to invest a record \$5.5 billion of capital back into their networks. These investments in infrastructure and equipment are enabling railways to better serve their customers by enhancing the safety, efficiency and resiliency of the rail network. The results of these investments are reflected in Canada's world-class supply chain that benefits farmers, shippers, passengers, and the entire Canadian economy.

HOPPER CARS

Canada's Class 1 railways have ordered **6,900 new, high-capacity grain hopper cars** from National Steel Car in Hamilton, Ontario.

WORKFORCE

Canadian Class 1 railways currently employ **more than 40,000 people** across North America.

WESTERN CANADIAN GRAIN

Canadian Class 1 railways will move **more than 52.0 million metric tonnes** of Western Canadian grain during the 2018–2019 crop year.
