Subject: 2023 Safety Awards – Enablon Go (Near Miss and Hazard Reporting System)

Dear Ms. Robinson and Ms. David,

We are pleased to advise that CN's *Enablon Go (Near Miss and Hazard Reporting System)* has been selected for the 2023 Safety Award of the North American Class 1 freight – employee incidents category.

The Railway Association of Canada's (RAC) Evaluation Committee scored your initiative using a weighted evaluation system and concluded that it merited an award for its reporting system that provides detailed information about near-misses and hazards in real-time, so that CN can act on them immediately, and make sure that hazards and near misses don't become injuries and accidents.

We thank CN for participating in this year's 2023 Safety Awards and for your continued commitment to develop and maintain industry best practices in safety and we congratulate you on this important recognition from your peers in the industry.

We hope that you will both be able to attend our awards ceremony that will take place during the RAC's annual holiday reception on **November 29, 2023, from 5:00 pm – 7:00 pm at the Metropolitan Brasserie in Ottawa.**

The RAC will be reaching out to officially invite each winner to the holiday reception and awards ceremony in the coming weeks. During the reception, we would like to interview each of you to discuss in greater detail your winning initiative so the RAC can post on social media channels to help give more attention to your organization's dedication to safety and to making the rail industry safer each year.

Sincerely,

Marc Brazeau
President and Chief Executive Officer
